

hugoTECHNO

Omnidirectional Ceiling Microphone

Specifications:

Model	HT-CM-100
Omni Mic	360° Omnidirectional with 7 mic, 8 meter radius
SNR	64 dB(A)
Frequency	20Hz - 16kHz
Rate of Sampling	High-Definition Broadband Audio, 32K
USB Protocol	UAC
Sensitivity	-26 dBFS
Input/Output Interface	3.5mm Line In x1, 3.5mm Line Out x2, USB x1
Audio Algorithms	3A algorithm (AEC, AGC & ANS)
Audio Features	echo cancellation and reverberation suppression to ensure clear sound quality, intelligent noise reduction and comfortable communication
Plug & Play	USB2.0 and 3.5 mm audio interface with debug-free design to provide plug and play solution and dual-mode (digital, analogue) output
Power	USB DC5V
Intelligent voice Pickup	Adaptive blind beamforming technology with automatic speaker alignment and speech reinforcement
USB Interface	UAC 1.0 protocol, audio data communications, software upgrade and parameter configuration
